MEET DIRECTOR'S NOTES:

--The number of teams (38) and participants (113) was identical to the number of teams and participants at the 2017 coed relay.

--Jeanette Wells, 80, who with her husband Larry Wells began the summer cross-country series in 1975, participated in this year's coed relay as part of team 6.

--Annie, Luke and Julia Trenkle, widow and children of the late Kent Trenkle to whom this year's summer XC series is dedicated, formed team 10 at this year's coed relay.

--Many of the teams were composed primarily or entirely of children age 12 and under, and most of them ran well, placing ahead of teams made up of older and more experienced runners.

--Kathy Diorio, who recently completed a regimen of chemotherapy infusion for cancer, participated in the relay as part of team 28 along with husband Joe and close friend Darcy Painter.
